

Catholic Health Care Directives

Are You Prepared?

A Catholic Health Care Directive can give your loved ones and health care providers direction when you can't speak for yourself.

The North Dakota Catholic Conference has a Catholic health care directive that conforms to North Dakota law and reflects Catholic teaching. A new website exists where you can download or order copies of the directive and other useful material. Check it out at <http://ndcatholic.org/CHD08/> or call the North Dakota Catholic Conference at 1-888-419-1237.
